Apex Enterprise Ltd.
Enterprise Plan

Currency: BDT (৳)
Dhaka Hub

Good morning, Alex

Live Workspace

Here is your enterprise procurement overview, pending approvals, and AI spending intelligence across your active divisions.

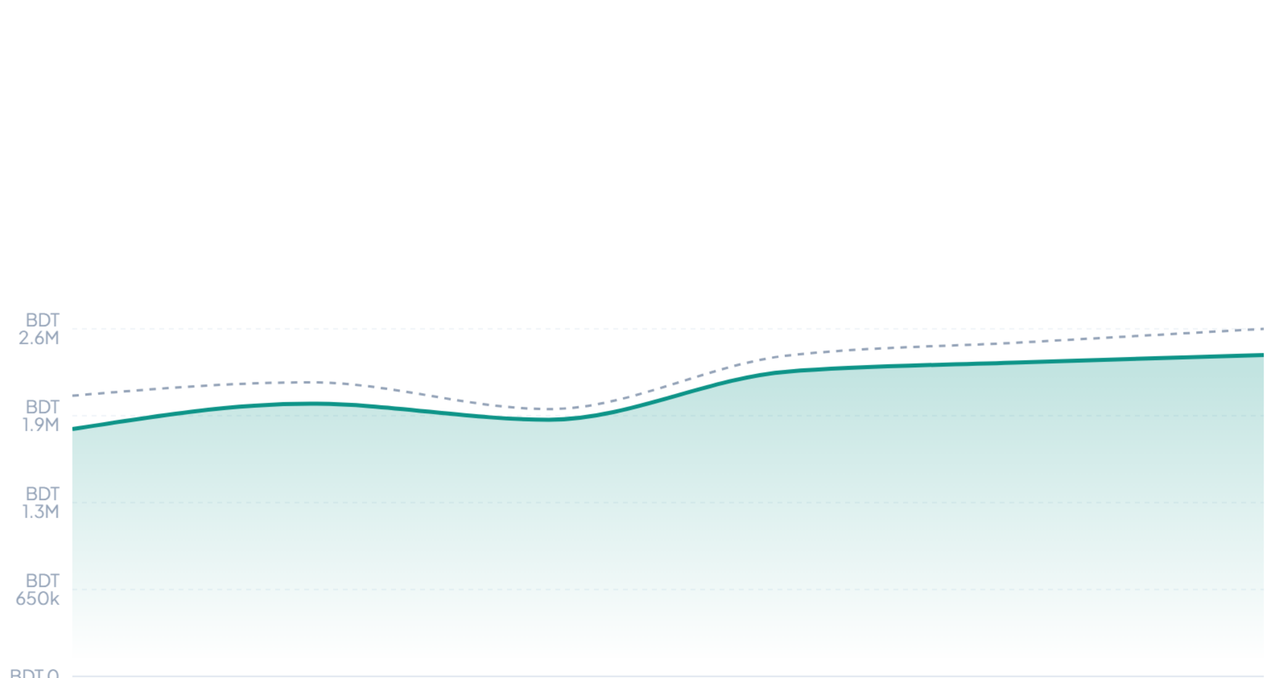

AI RFQ Comparison | Create Requisition

TOTAL PROCUREMENT SPEND	PENDING APPROVALS	ACTIVE PURCHASE ORDERS	ACTIVE SUPPLIERS
BDT 12.8M	18	42	126
+8.4% vs last quarter FY 2026 YTD	4 urgent Requires sign-off	6 delivering this week Across 14 vendors	94.2% on-time Dhaka, Ctg & Gazipur

Spending Overview

+6.8% Budget Efficiency

Monthly actual procurement expenditure vs planned budget (May – Oct 2026)

AI Procurement Insights

Real-time pattern analysis

3 active alerts

BUDGET ALERT — +BDT 142,000 variance

Office supply spending increased by 12% this month

Dhaka HQ administrative printing and consumable purchases accelerated faster than standard quarterly baseline. Consider batching via Preferred Supplier agreement.

Review Consumable POs → *Simulated recommendation*

CONSOLIDATION OPPORTUNITY — Estimated BDT 210,000 savings

Three purchase requests have potential for supplier consolidation

Engineering and Operations submitted separate workstation requests for Dell XPS laptops. Consolidating into RFQ-2026-092 unlocks 7.5% volume tier discount.

Create Requisition

Draft and route a procurement request for multi-level organizational authorization.

Save as Draft | Submit for Approval

1. Request Information

Core procurement intent and business justification

Requisition Title *
e.g. Dell Precision 5680 Workstations for Engineering Team

Department *
Engineering

Requested By *
Alex Morgan

Required Delivery Date *
dd----yyyy

Priority Level *
Medium — Scheduled Need

Business Justification & Impact *
Explain the operational necessity, ROI, or project requirement driving this requisition...

2. Item Details & Specifications

Specify individual goods, quantities, and anticipated pricing

+ Add Item

Line Item #1

Item Name	Specification / Notes	Qty	Unit	Unit Price (BDT)	Line Total
High-Performance Developer Laptop (Core i9, 32GB)	Workstations for upcoming software sprint exp	5	Units	165000	৳825,000

3. Additional Information & Logistics

Supplier preferences, delivery destination, and documentation

Preferred Supplier (Optional)

Delivery Location

4. Cost Summary

Calculated in Bangladesh Taka (BDT)

Subtotal (1 items): BDT 825,000

Quotation Comparison & AI Decision Support

Multi-Attribute Evaluation

Evaluate competitive vendor bids side-by-side using multi-dimensional cost, SLA, and reliability analysis.

Active Tender: RFQ-2026-088: Developer Laptops (45 units)

TENDER REFERENCE
RFQ-2026-088
Enterprise Cloud-Ready Laptops & Developer...

DEPARTMENT & SCOPE
Engineering & IT Operations
Requested by: Tariqul Islam (Lead Architect)

APPROVED BUDGET LIMIT
BDT 7,200,000
Bids within allocation

BIDDING PARTICIPATION
3 Quotes from 5 invited
Quorum Met

Specifications: 45 units of high-performance developer laptops: Core i9 14th Gen or Apple M3 Pro equivalent, 32GB RAM min, 1TB NVMe Gen4 SSD, 3-Year Enterprise On-Site Warranty.

AI Decision Recommendation Engine

BEST OVERALL VALUE & ENTERPRISE SLA

Multi-variable synthesized scoring across price, lead time, historical reliability, and enterprise warranty

AI MATCH SCORE
94.6 / 100

Recommended Supplier: TechSource Ltd.

"Although this supplier is not the lowest-cost option (BDT 6,750,000 vs BDT 6,480,000 from Bengal Micro Systems), it provides a decisively stronger combination of **rapid 7-day turnaround**, **36-month on-site mission SLA**, and superior **98.4% historical delivery fulfillment**."

Mitigated Operational Risk
Includes 36-month 24/7 on-site SLA with accidental damage protection, preventing developer downtime estimated at BDT 420,000/yr vs depot repair.

Accelerated Delivery (7 Days)
Fulfills onboarding milestone 11 days sooner than Bengal Micro Systems (18 days), enabling new hire productivity on day 1.

Extended Cash Flow (Net 45)
Net 45 terms offer 15 additional days of working capital float compared to standard Net 30 quotations.

Total Cost of Ownership
Although initial quote is BDT 270,000 (4.0%) higher than Bengal Micro's lowest bid, total warranty coverage and included docking hubs offset the delta by BDT 340,000.

Illustrative AI evaluation based on historical supplier metrics and multi-factor decision weighting. Final procurement approval rests with the designated signing authority.

Award to TechSource Ltd.
